## ABOUT ME

---

I am Yash Ghogale, a BTech student in Computer Science Engineering (Data Science) at DJSCE, Mumbai. I have a growing interest in UI/UX design and web development, where I enjoy creating user-friendly and visually appealing digital experiences. I am seeking internship opportunities to gain hands-on experience, collaborate with talented teams, and contribute to innovative projects. Eager to apply my skills and knowledge to real-world challenges in a dynamic, fast-paced environment.

## EDUCATION

---

**MUMBAI UNIVERSITY – D.J SANGHVI COLLEGE OF ENGINEERING**  
BTech in Computer Science Engineering (Data Science)

**Mumbai, India**  
**2023 - Present**

*High school(12th), HSC Board*

**Mumbai, India**  
**2021 - 2023**

**Udayachal High School**  
*High school(10th), SSC Board*

**Mumbai, India**  
**2008 - 2021**

## PERSONAL PROJECTS

---

- Little Lemon Restaurant Website: Created a responsive restaurant website using ReactJS with features like table reservations and online food ordering. Integrated interactive UI elements with advanced CSS styling to provide a seamless user experience, ensuring smooth navigation and cross-device compatibility.[ [Link](#) ]
- Pokédex: Created a Pokédex application using HTML, CSS, and JavaScript, integrated with the PokéAPI to fetch and display Pokémon details. Includes a search functionality to retrieve Pokémon information by name or ID, showcasing attributes like type, abilities, and stats in a user-friendly interface.[ [Link](#) ]
- NFT landing page: Designed and developed a visually appealing NFT landing page using ReactJS, showcasing featured collections, artist highlights, and call-to-action sections. Focused on a modern and responsive UI with smooth animations to enhance user engagement.[ [Link](#) ]

## SKILLS

---

- Technical Skills: DS, DAA, Operating Systems, DBMS, OOP
- Programming Languages: JavaScript, Python, C, Java, SQL, HTML/CSS
- Frameworks/Libraries: React.js, MongoDB, MySQL, NumPy, Pandas, Matplotlib, Seaborn
- Developer Tools: VS Code, Git
- Design Tools: Figma, AUTOCAD

## CERTIFICATIONS

---

- Meta Front End Developer Capstone – Coursera [ [Link](#) ]
- The Design and Analysis of Algorithms Masterclass – Udemy [ [Link](#) ]
